

PEA SEMINARS COMMITTEE REPORT
NOVEMBER 2006

To begin with, I would like to thank Bert Annear for so ably chairing a very active PEA Seminars Committee over the past few years until last November. Bert has agreed to stay on as a member and has been joined by Brenda Scott, Sheryl Karras and Amelia Santos and I have agreed to chair the committee this year.

We had fewer noon hour presentations last year due to the reorganization of the committee. Weekly Tai Chi continued through the efforts of Cheryl Sivertson and Lois Jones provided an information session on our benefits under the new service provider, Blue Cross. Don Lovell led us on his ever popular and entertaining tour of the campus, which included lots of campus trivia and an update on new building construction.

We are planning a more active seminar program this year and began by sending a survey out to members early in the summer in order to find out where your interest lie and to invite you to make presentation on your travels or other areas of expertise. We are in the process of confirming presentations so we will be providing information on the 2006-2007 Seminars program shortly.

Respectfully submitted,

Jennifer Margison
