

PEA SEMINARS COMMITTEE REPORT

NOVEMBER 2007

The Seminars Committee began the year by sending out a survey to members to see if there would be interest in repeating some of the seminars offered in the past and to find out what other topics would be of interest. We also asked members to indicate their interest in giving a presentation on their travels, hobbies or other areas of expertise.

This year's program consisted of: a presentation on Islam by the Dean of Humanities, Andrew Rippen; and seminars on Planning for Retirement; Workplace Organization and Productivity by a professional organizer; Home Exchanges by Sue Butler; An Introduction to Using an Exercise Ball and tours of the Island Medical Sciences Building and new buildings on-campus.

I would like to thank the committee members Bert Annear, Brenda Scott, Sheryl Karras, Amelia Santos for contributing their valuable time. We welcome any suggestions of topics and speakers from the PEA membership.

Respectfully submitted,

Jennifer Margison
