

## Local Representatives Committee 2011

UVic PEA Local Representatives continue to be the first point of contact for many members who have questions about their Collective Agreement and their union. These men and women are the front line of the PEA and are often a first source of information about our Union and its activities on behalf of our UVic PEA members. They volunteer to represent the PEA in each area of the campus and a member of the Chapter Executive chairs the LR committee.

Our Local Representatives meet with UVic Chapter executive from time to time to report on issues and concerns in their area. They receive training from PEA staff concerning labour law, dispute resolution and contract administration from PEA staff. Our LRs help the PEA reach out to new PEA members when they first join UVic. They contribute to membership record maintenance, they help to communicate with members, they assist individuals with workplace issues including grievances or appeals and they play a watchdog role by helping the PEA to monitor contract violations and other issues of concern.

Twenty one of your colleagues act as PEA Local Representatives around the campus. (<http://web.uvic.ca/uvicpea/lrlist.htm>). On behalf of all UVic PEA members thank you to those who served as Local Representatives during the past year:

John MacDonald - Bob Wright

Sheryl Karras - Business & Economics
