

PEA SEMINARS COMMITTEE 2011 REPORT

The Seminars Committee was pleased to present two events this past year.

The first event was the very popular, *Classic Albums Live Dark Side of the Moon* held at the University Centre Auditorium, for which the first 50 PEA members to reserve a spot received a complimentary voucher.

The second event was the introduction of Wednesday lunchtime walks. Participants meet at the flagpole and enjoy a walk with fellow PEA members from across campus. The walks provide a wonderful opportunity for PEA members to come together and socialize while engaging in physical activity. Participants are also eligible to win draw prizes.

I would like to thank committee members Allison Eddy, Adrienne Holierhoek, Melana Mar and Heather Regan for volunteering their valuable time and bringing their expertise and enthusiasm to the committee.

As always, we welcome suggestions of topics and speakers from the PEA membership.

Respectfully submitted,
Catherine Franz
