

Local Reps Committee Report:

UVic PEA Local Representatives continue to be our first point of contact for many of our members who have questions about our collective agreement and our union.

One role of our local reps is to keep our members informed of collective bargaining and other union activities. This was a challenging year with a number of layoffs across the university. We had a number of members impacted by the layoffs and I would like to thank our local reps who were able to assist our members through this challenging time. One other important PEA activity this year was the vote regarding membership in the BC Federation of Labour. While the vote was individual, there was opportunity for our local reps to come together to engage in this discussion.

Through the PEA, our local reps are provided with on-going training opportunities to better prepare and enable them to serve and assist our members. There were two training sessions December 2012 with 3 UVic members attending and February 2013 with 2 UVic members attending.

On behalf of all UVic PEA members I would like to thank all of our local reps for their continued support toward our UVic PEA colleagues:
