

Local Reps Committee Report:

UVic PEA Local Representatives continue to be our first point of contact for many of our members who have questions about our collective agreement and our union.

One role of our local reps is to keep our members informed of collective bargaining and other union activities. Being a year in which the PEA was involved in collective bargaining I would like to thank our local reps for their assistance in helping to engage our members in this important process.

In addition to engaging with members in their specific areas, as a chapter, we try to bring all of our local reps together once or twice throughout the year to exchange information on our different areas across campus and to help our reps get to know each other. This year our Local Reps met as a group in January. The PEA provides our Local Reps with coffee cards and with the change in food services we updated our coffee cards for our local reps and have been distributing the new LR one cards. I would like to thank Vincent Connor for coordinating the Local Rep lunch associated with our January meeting and for facilitating the transition to the new LR one cards.

Through the PEA, our local reps are provided with on-going training opportunities to better prepare and enable them to serve and assist our members. There was an Advanced Local Rep training session in December 2013 with 3 UVic members attending and Basic Local Rep training session in April 2014 with 1 UVic member attending.

On behalf of all UVic PEA members I would like to thank all of our local reps for their continued support toward our UVic PEA colleagues:
