2021 UVic chapter elections

Summary

As per the chapter constitution, an election was held for 1 chapter executive position (chair) and 4 director-at-large positions on the chapter executive.

The elections committee received fewer nominees than vacant positions for this election. As a result, no election was required and all nominees were acclaimed to the positions for which they were nominated.

As per the chapter constitution, if there are too few nominees to fill vacant positions on the executive, the executive will seek out further nominees to fill those positions. This was completed with the results listed below.

Thanks

Many thanks are due, as always, to Toshie Arakawa and the rest of the PEA staff. Their hard work, preparation and support were essential to the election's success.

Thanks also to the chapter executive for quickly filling the vacant positions.

Finally, thanks to the nominees for volunteering their time in support of the chapter and the association.
