

UVic PEA Chapter Local Reps Report 2021

It was quiet year for the Local Reps Committee as most of our members were mostly working from remotely.

We had a virtual Local Reps meeting on August 17th where representatives presented updates and issues from members. We also discussed COVID protocols, remote work accommodations and provided an update on Collective Bargaining.

Our UVic local representatives continue to be our first point of contact for many of our members who have questions about our Collective Agreement and our Association. Our local reps act to welcome new members to the PEA, are a resource point for members and help to keep members informed of activities going on in our chapter and to exchange information regarding member support.

We would like to thank the list of current Local Reps for all their work. As you can see in the list below, there are a number of buildings that still need Local Reps. If you are interested in becoming a Local Rep and would like to find out more about this, please contact me at kafka@uvic.ca. The PEA will also be putting on “Becoming a Local Rep” workshops in the Spring and Fall of 2022.
