

Call for Nominations for 2018 3M National Student Fellowship for Undergraduate and Graduate Students

Do you know an undergraduate or graduate student who demonstrates qualities of outstanding leadership and who embraces his or her educational experience at UVic and beyond? If so, please consider nominating this student for the [3M National Student Fellowship](#).

The award is open to undergraduate and graduate students who are enrolled full time in a post-secondary Canadian institution, have completed at least one full semester of study at the time of nomination, and have not previously received a 3M student fellowship.

The 3M National Student Fellowship honours up to ten students from across Canada each year. They receive a \$5000 award, registration at the Society for Teaching and Learning in Higher Education (STLHE) conference, as well as accommodation and funds towards travel. While at the conference, they will have the opportunity to develop a cross-Canadian collaborative project with other award winners with the goal of enhancing teaching and learning at the post-secondary level.

The Division of Learning and Teaching Support and Innovation has instituted an internal process to select the top five candidates for submission. We invite potential students and their faculty nominators to attend one of two workshops on the award criteria and process:
