

Calado Barbosa (2021) Concept	NSIR (Sadownik, 2025) Application
Speech Acts of Subordination	<b>Item 7 (Safety):</b> Assesses if the robot successfully provides a space free from judgmental or subordinating social "noise."
Philosophy of Resistance/Disobedience	<b>Item 1 (Kinship):</b> Measures the user's rejection of normative human hierarchies in favor of a robotic peer.
Normative Gaze/Judgment	<b>Item 2 (Staring):</b> Reclaims the "gaze" as a tool for social processing rather than social surveillance.
Reclaiming Autonomy	<b>Factor 2 (Trust):</b> Validates the robot as a stable, predictable partner that does not demand social performance.
