

Cooper et al. (2024) Speech Metric	NSIR (Sadownik, 2025) Application
<b>Intelligibility</b> (Clarity)	<b>Item 8 (Reliability):</b> Ensures the interaction is predictable and reduces cognitive load.
<b>Naturalness</b> (Human-likeness)	<b>Item 1 (Kinship):</b> Replaces the need for "human-ness" with the need for "relatability."
<b>Affective Synthesis</b> (Emotion)	<b>Item 5:</b> Validates if the robot's voice correctly conveys empathy and emotion recognition.
<b>Subjective Evaluation</b>	<b>Factor 1:</b> Moves from "quality" ratings to measuring the "strength of the bond."
