VSS Dimension	NSIR Application Item	Research Focus
Trusting Compliance	**Item 8:** Robot consistency[17].	Does machine predictability lead to higher volitional compliance?
Relational Yielding	**Item 1:** Kinship[18].	Does identifying with the robot make the user more willing to yield control?
Vulnerability	**Item 7:** Comfort undressing[19].	Measuring the "radical safety" required for intimate submissiveness[20][20].
Perceived Empathy	**Item 5:** Feeling recognition[21].	Does the robot's ability to "tell what I'm feeling" drive the user's desire to please it?
