ID: REB23-0025REB23-0025Research Ethics Board

If your study involves disclosure of personal health information you are required to apply to either CHREB or HREBA. For University of Calgary applications, the Board of record is determined by the faculty or affiliation of the PI.

1.0 \* Select the appropriate Research Ethics Board:  
CFREB

ID: REB23-0025REB23-0025

Study Identification

The people named on this page constitute the team's key personnel and will have the ability to access the application and assist in its completion.

However, only the Principal Investigator will have the ability to submit this application when complete.

Study Identification

1.0 \* Abbreviated Study Title (or acronym): (100 characters)  
Exploring Technology-facilitated Intervention Modalities for the Provision of Cognitive Behaviour Therapy in Canadian Schools

2.0 \* Full Study Title:  
Exploring Technology-facilitated Intervention Modalities for the Provision of Cognitive Behaviour Therapy in Canadian Schools

3.0 \* Principal Investigator:  
Kelly Schwartz

A person will only appear in the drop-down menus under Questions 4.0, 5.0, and 6.0 if they have an active IRISS account and their account is configured for the selected REB. *TIP: if you are having difficulty finding someone – use %last name to filter all users with that last name. If the user does not appear it means they do not have an IRISS account, or their account is not configured for the selected REB. [iriss.support@ucalgary.ca](mailto:iriss.support@ucalgary.ca) can assist you with the next steps. For UCalgary applicants, only institutional email addresses (ex: @ucalgary.ca, @ahs.ca) should be used for research purposes.*

Conflict of Interest

Refer to [TCPS 2, Chapter 7](#) and your institution's conflict of interest policy for more information about reporting and mitigation. A Conflict of Interest may be actual or perceived. Generally, a Conflict of Interest occurs when, in the course of carrying out their university responsibilities, an individual takes any action that may result in an actual or perceived benefit to them or to a Related Person or Related Entity.

1.0 Do any of the following real, potential, or perceived conflicts of interest apply to any of the
