Western Washington University

SEVENTH ANNUAL MEETING  
May 20-22, Bellingham, Washington 2005

Cogito ergo incola aquilo occasus

## NOWCAM 2005 — Program

### FRIDAY, 20 May

4:00-5:15pm **Opening Keynote**, Alan Kingstone: *Cognitive Ethology: Giving real life to attention research*

#### 5:00-7:00pm **Poster Session I**

1. Brian Roberts & Lawrence Symons: *Facial Recognition: Animal Vs. Human Using Configural and Feature Processing*
2. Kennet Belenky, Dario Cvencek, & Geoffrey R. Loftus: *The Effect of Categorization Tasks on Visual Perception of Spatial Frequencies*
3. Adam Greenberg & Anthony G. Greenwald: *Visual Information Processing: A Priming Approach*
4. Zara Khan, Monica Lau, & Peter Graf: *Does 'Haste Make Waste' in Prospective Memory Retrieval?*
5. Katherine L. Istead, Lynn Fontanilla, Karen Law, Viktoria Ivanova, & Peter Graf: *Who Gets Blamed? A Study Of Pro- and Retrospective Memory Failures*
6. Lily Wong, Loretta Siu, Sara Adel, Carrie Cuttler, & Peter Graf: *Prospective Memory: Do Instructions Matter?*
7. Rehman Mulji & Bruce Whittlesea: *The Inferential Basis of Attitudinal Responding*
8. Carli M. Jensen, Megan Jensen, Meryl Martin, Melanie Mack, & Brian T. Crabb: *Blowing Up T-N-T: What Do Participants Do When Instructed to Suppress?*
9. Andrea D. Hughes & Deanna Peluso: *Retrieval Induced Forgetting: The Effects of Retrieval Support*
10. Daniel Siu & Peter Graf: *Plans for Success: Planning Strategies Supporting Prospective Memory*
11. Greg Reaume & Miriam Bassok: *Apples and Apples of Alignment: The Interaction of Semantic and Formal Knowledge in Simple Arithmetic*
12. Amy Guthormsen & Miriam Bassok: *7 prosecutors - 5 defenders = 2 Guilty Clients: How College Students Respond to Subtraction Problems of Different Schematic Varieties*
13. Alyssa Park, Ida Chan, & Peter Graf: *The Usability of Digital Cameras*

### SATURDAY, 21 May

#### 08:30-10:10 **Paper Session I: Cognitive Neuroscience**

- 8:30 - 8:50 Vivian Zayas, Lee Osterhout, & Anthony Greenwald: *Motor and Semantic Activation in Masked Priming: Evidence of Response Competition*
- 8:50 - 9:10 Vinay Bharadia, Robert Baker, Danielle Droucker, Gerry Giesbecht, Rema Lillie, Sharon Livingstone, Philip Zeman, Jim Tanaka: *Joe/No Joe: When Do We Know? Early ERP Components of Face Recognition and Perception*
- 9:10 - 9:30 Olav Krigolson, Clay Holroyd, & Rob Baker: *Learning from Your Mistakes: The Interaction of Frontal and Posterior Error Processing Systems*
- 9:30 - 9:50 Carley Piatt & Jim Tanaka: *The Effects of Typicality on Categorization: An ERP Study*

9:50 - 10:10 Sharon Livingstone & Ronald Skelton: *Virtual Environment Navigation Tasks and the Assessment of Cognitive Deficits in Individuals with Brain Injury*

**10:10-10:30 Break**

**10:30-12:10 Paper Session II: Judgment and Decision Making and Social Cognition**

10:30 - 10:50 Masha Tkatchouk, J. Don Read, & Deborah A. Connolly: *Mock-Juror Decision Making in Criminal Trials involving Profiling-based Expert Testimony*

10:50 - 11:10 Peter James Lee & Norman Brown: *Effect of Internal Validity on Cue Selection in Numerical Estimation*

11:10 - 11:30 Sarah L. Desmarais & J. Don Read: *Effects of Question Wording and Cognitive Load on Decisions to Leave an Abusive Relationship*

11:30 - 11:50 Meryl R. Martin, Brian T. Crabb, Dana Baguley, Sarah Tripp, & Kristi Dillman: *Viewing Iraq War Coverage Increases Implicit Prejudice Toward Muslims*

11:50 - 12:10 Owen Emlen & Kristi Lemm: *The Interaction between Implicit and Explicit Attitudes in Predicting Behavior*

**12:15-2:00pm Poster Session II and pizza**

1. Melissa J. Northcott, Deborah A. Connolly, Heather L. Price: *The Effects of Age and Abuse Frequency on the Perceived Credibility of HCSA Victims*
2. Erika Y. Rojas, J. Don Read, & Stephen Wright: *Mock Jurors' Decision-Making in Cases of Intimate Partner Homicide: Support for the Gender-Role Stereotype Model*
3. L. James Climenhage & J. Don Read: *Beauty and Blame: Countering the "What is Beautiful is Good Stereotype"*
4. Eric Eich, Joycelin Ng, Dawn Macaulay, Alexandra Percy, Irina Grebneva, & Carroll Boydell: *Using Music and Thought to Induce Mood: The MCI Technique*
5. Jessica Macleod, Chandni Sachdeva, & Peter Graf: *Differences in the Understanding of Terms of Commitment*
6. Kristen Steel, David Grote, Emily Beschen, David Eytchison, & Brian Crabb: *Encoding in Repetition Priming: The Impact of Target Processing Interacts with Response Modality*
7. Alexandra E. Roach & Ira E. Hyman, Jr.: *Strength of Long-Term Recency Is Dependent upon Retrieval Strategy*
8. Leanne Wagner & Antonia Kronlund: *False Memories of Brand Names*
9. Jillian Sullivan, Cassie Garrison, Maggie Mannell, Jennifer Miller, Jennifer Sumption, Emily Clemons, Dominique Haft, & Ira E. Hyman, Jr.: *The Effect of Strength on Source Memory in Sentences*
10. Briana M. Wakefield, Daniel M. Bernstein, Erin K. Morris, Cara Laney & Elizabeth F. Loftus: *False Food Memories and Food Preference*
11. Lisa Worth, Michael E. J. Masson, & Daniel N. Bub: *Thinking in Action: Gestural Knowledge in Relation to our Concepts of Everyday Objects*
12. Joseph Lee, Leo Leung, Brian Lee, Mandy Yeung, Esther Hsu, & Peter Graf: *Predicting Episodic Memory Test Performance*
13. Joseph Lee, Leo Leung, Brian Lee, Mandy Yeung, Esther Hsu, & Peter Graf: *Prospective Memory: Cues and Q's*
14. Ruby Banipal, Heather L. Price, Heidi M. Gordon, & Deborah A. Connolly: *Children's Report Consistency as a Function of Event Frequency*
15. Alexa Dunbar, Deborah A. Connolly, & Heather L. Price: *How Demeanour Affects Adult Witness Credibility in Reporting Historical Child Sexual Abuse Events*

**2:00-3:40pm Paper Session III: Naturalistic Memory**

2:00 - 2:20 Leora C. Dahl, C. A. Elizabeth Brimacombe, & Carla MacLean: *The Influence of Post-Identification Feedback on Investigators: Are Fingerprints More Powerful Than Witnesses?*

2:20 - 2:40 Jennifer L. Short & Glen E. Bodner: *Recall of True and False Childhood Events: Every Picture Doesn't Tell a Story*

2:40 - 3:00 Carla L. MacLean, Veronica Stinson, & E. Kevin Kelloway: *Did You See That? The Role of a Psychologically-Based Investigation Form in Industrial Accident Investigations*

3:00 - 3:20 Carrie Cuttler & Peter Graf: *Obsessive Compulsive Checkers Have Impaired Prospective Memory*

3:20 - 3:40 Jie Gao & Peter Graf: *Cues and Episodic Prospective Memory Retrieval*

**3:40-4:00pm Break**

**4:00-5:00pm Paper Session IV: Development and Cognition**

4:00 - 4:20 Heather L. Price, Deborah A. Connolly, & Heidi M. Gordon: *Does the Spacing Effect Apply in Children's Recall of a Repeated Complex Event?*

4:20 - 4:40 Heidi M. Gordon & Deborah A. Connolly: *The Influence of Directed Forgetting on Children's Memory for an Event*

4:40 - 5:00 Travis Baker, John Price, & Ronald Skelton: *Vase Maze: A New Measure of Cognitive Function and Impulsivity in Children with Attention-Deficit/Hyperactivity Disorder (ADHD)*

**SUNDAY, 22 May**

**08:30-10:10 Paper Session V: Perception**

8:30 - 8:50 Alan S. Boydstun & Lawrence A. Symons: *Does Attention Influence the Interocular Transfer of the Motion After Effect?*

8:50 - 9:10 Jeffrey Hayward, Ryan Moore, Maggie Mannel, Brad DeVries, Luke Rosielle, & Brian Crabb: *Long-Term Memory Effects in Scene Perception: Evidence from Change Blindness*

9:10 - 9:30 Kristina Wharton: *Examining the Perceptual Interference Effect: The Influence of Semantic Priming on Visual Recognition of Degraded Images*

9:30 - 9:50 Anne Thissen-Roe: *Combining Technologies: Neural Networks and Adaptive Testing in the Context of Employee Selection*

9:50 - 10:10 Hiroe Li, Lee Lau, & Peter Graf: *Readability of Text on a Personal Digital Assistant*

**10:10-10:30 Break**

**10:30-12:10 Paper Session VI: Memory**

10:30 - 10:50 Denise D. L. Richardson & Glen E. Bodner: *How Mixing Versus Blocking Details Influences Event Memory*

10:50 - 11:10 Edwin J. Anderson, III, David Grote, Lindsay Nymoen, Maria Colasurdo, & Ira E. Hyman, Jr.: *The Effect of Strength on Source Memory in Word Lists*

11:10 - 11:30 Antonia Kronlund & Andrea D. Hughes: *Retrieval Induced Forgetting: Release from Interference*

11:30 - 11:50 Hannah E. Pendergrast & Louis G. Lippman: *Memory for Names in Knock-Knock Jokes*

11:50 - 12:10 Michelle M. Arnold & D. Stephen Lindsay: *"I Remember Giving that Answer before!": Evidence for a Subjective Component to the Knew-It-All-Along Effect*

**NOWCAM 2005  
Western Washington  
University**

 **BACK**

**SEU**
