* Indicates required question

Which primary grade do you teach? *

- K
- 1
- 2
- 3

Have you completed a BioBlitz with your primary students and wish to provide reflections? If so, please proceed. *

- Yes

Use the space below to share your reflections about the activity compared to the planning or brainstorming you participated in. Please include details such as which curricular subject or integrated unit. *

Your answer

Use the space below to reflect on how you planned to measure or observe capacity and/or the development of capacity in your primary students with this activity compared to what you assessed and observed or collected as evidence of growth? *

Your answer

If you are interested in a follow up review of your answers or have more to add about the activity and would like to speak with the researcher, please indicate yes below and send an email to contact the researcher at stephanie.sadownik@utoronto.ca *

Yes

No
