Anastasia Mallidou, Associate Professor  
University of Victoria School of Nursing  
3800 Finnerty Road, HSD Building, Rm A402a  
Victoria, BC V8P 5C2

Dear Anastasia,

On behalf of the School of Nursing at the University of Victoria, thank you for creating an enriching learning environment for our Nurse Educator Master's student Judith Christie. The guidance of mentors like you is essential for student success within the Master's program and in future nurse educator roles. The School of Nursing faculty and staff are aware of the demands on your time, and we greatly appreciate that you have chosen to contribute to nursing education and the nursing profession in this way.

Our Master's option focusing on nursing education is evolving, and your feedback is valuable to us. Over the term, we hope there were sufficient opportunities to discuss individual progress with the student and/or me, as needed.

We are also seeking feedback about your experience as a preceptor working with a Master's student from UVic. The on-line distance team will send a short confidential feedback survey to you by email. We hope you find this a convenient way to share your experiences and suggestions. If you prefer to share comments directly with me, or the practica coordinator (Carolyn Hammond, 250-721-6334 or [chammond@uvic.ca](mailto:chammond@uvic.ca)), a phone call can be arranged at your convenience.

Again, please accept our thanks for your commitment to graduate nursing education and your efforts in supporting student learning on behalf of the UVic Nurse Educator faculty, students and staff. I hope you will consider working with our students in the future. I wish you a great summer.

Sincerely,

Dr Anne Bruce, RN, PhD  
Associate Professor
